Bulletin #1046

April 25, 2006

TO: All Distributors, U.S. and Canada

FROM: Rich Stam
Senior Vice President, Sales

SUBJECT: PRICE INCREASE

Juno Lighting Group has been affected by cost increases in metals, ballasts and transportation for the past year and we expect more increases in the near future. As a result, we are required to implement a general price increase of 5-10% for all Juno Lighting Group products effective July 1, 2006. This will apply to all stock and job orders for all brands. In addition, the paid freight threshold will be increased to \$1,800 effective July 1, 2006.

All orders received for immediate release before June 30, 2006 will be invoiced at current pricing. Orders received after July 1, 2006 will be invoiced at the new price levels. All current job quotations will be honored with respect to original items and conditions. All quotations issued after July 1, 2006 will be at the new price levels.

Printed price sheets will be mailed to you prior to July 1.

We appreciate your support of Juno Lighting Group. As always, we are committed to providing you with quality products at competitive prices.
