

June 11, 2008

TO: All Authorized Day-Brite Capri Omega Distributors

SUBJECT: Freight and Material Increases

Due to the continued escalation of transportation and fuel surcharges, Day-Brite Capri Omega will make the following changes to the standard freight terms for all new orders entered effective July 1, 2008. Freight will be allowed on shipments in excess of \$3,000 made to locations within the continental limits of the United States or PORT OF EMBARKATION on shipments to Alaska or Hawaii. Day-Brite Capri Omega's freight allowed minimum for our Platinum Distributors will be \$2,500.

Also, due to unprecedented increases in steel and copper prices, we are currently making preparations for a price increase announcement for lighting fixtures. This notification will be issued shortly.

A copy of our new standard terms and conditions are attached.

Regards,

R.M. (Bob) Carswell, III
Vice President of Sales
