

## Schmitz Lighting Announcement

In December 2016, the Nordeon Group acquired Schmitz Lighting, an architectural indoor brand for office, retail, and hospitality applications. Founded in 1932, Schmitz has a rich history and legacy in providing technologically superior design and custom lighting solutions. It is a brand highly regarded by lighting designers and specifiers across the globe, well known for its premium design and high performance.

In the North American market, the Schmitz brand will become part of the Nordeon Group operations in South Carolina. The Nordeon Group already manufactures and distributes products from HessAmerica, Griven USA, and Nordeon USA. The Schmitz products will be added to our indoor platform: Nordeon USA. This means that Schmitz products for the North American market can be found on the Nordeon USA website, catalog, and price book. From now on, [www.nordeon-usa.com](http://www.nordeon-usa.com) will be a multi-brand platform and your first stop for all our indoor products and brands. The newly updated [www.nordeon-usa.com](http://www.nordeon-usa.com) website is now live.

For Schmitz inquiries, contact your local Nordeon USA representative or send your requests to Ton de Vries ([ton.de.vries@nordeon.com](mailto:ton.de.vries@nordeon.com)) or Becky Smith ([becky.smith@hessamerica.com](mailto:becky.smith@hessamerica.com)).

Many of the new Schmitz products were launched at LightFair 2017. Here are some of the product highlights from the show:

Calvia	<a href="http://www.nordeon-usa.com/main/product/calvia">http://www.nordeon-usa.com/main/product/calvia</a>
Size	<a href="http://www.nordeon-usa.com/main/product/size">http://www.nordeon-usa.com/main/product/size</a>
Strada	<a href="http://www.nordeon-usa.com/main/product/strada-system">http://www.nordeon-usa.com/main/product/strada-system</a>
Quattra	<a href="http://www.nordeon-usa.com/main/product/quattra-quadruple">http://www.nordeon-usa.com/main/product/quattra-quadruple</a>
