PRESS RELEASE-For immediate release

April 6, 2015

Bill Brown Sales Represented Manufacturer Roytec Industries Achieves Woman Owned Certification

(Niles, IL) Roytec Industries, manufacturer of electrical wire harnesses and wire assemblies, received national certification as a Women's Business Enterprise by the Greater Women's Business Council, a regional certifying partner of the Women's Business Enterprise National Council (WBENC). Roytec has been represented to OEMs by Bill Brown Sales (BBS), leading national sales agency in the lighting components industry, since 2006.

WBENC's national standard of certification is a meticulous process including an in-depth review of the business and site inspection. The certification process is designed to confirm the business is at least 51% owned, operated and controlled by a woman or women.

By including women-owned businesses among their vendors, corporations and government agencies demonstrate their commitment to fostering diversity and the continued development of their supplier/vendor diversity programs.

"We have always been pleased to represent a company of Roytec's caliber," states Donny Wall, VP of Sales for Bill Brown Sales. "This certification affirms their excellence as an organization and a supplier, and we are proud of the accomplishment," he adds.

"Roytec is pleased to support our customers in the achievement of mandated supplier diversity goals," confirms Mandy Chapman, Roytec CEO

About WBENC

The Women's Business Enterprise National Council is the nation's largest third party certifier of businesses owned and operated by women in the United States. WBENC is a resource for the more than 700 US companies and government agencies that rely on WBENC's certification as an integral part of their supplier diversity programs.

Bill Brown Sales has been representing leading component manufacturers since 1955, including: A.L.P. Lighting Components, Inc., Adam Metal Products, Bright View Technologies Optical Diffusers, Espen Technology ballasts, Inventronics high reliability LED drivers, Heilux LED Light Sheet, LTL Testing and Certification Services, Reflek Alzak reflectors, Roytec Industries wire harnesses and assemblies, Tripar stamped metal components, WattStopper fixture integrated occupancy sensors and Wiremaid Lite Gards™.
